God's Miracle, Your Joy, Our Mission

We provide fertility **care** with **Innovation** that give our customers the **confidence** of outcomes comparable anywhere in the world

OUR QUALITY POLICY STATEMENT

Primecare Fertility Clinic is a promise fulfilled. We are committed to sustaining our mission and vision by operating a quality management system that meets the requirements of ISO 9001: 2015 international standard that include our obligation to meet customer and applicable requirements.

Our mission: to create credible and result oriented alternative for care of infertility related challenges using assisted reproductive technology, by bringing together various cadres of staff who will be happy to deliver on the promises to clients; will be ensured through continual improvement of the quality management system.

This quality policy will be reviewed periodically alongside the quality objectives at the different levels of operation for suitability and to ensure that it promotes our vision: to make use of quality, affordable items at the best possible cost, whilst achieving comparable results as anywhere in the world; in addition to ensuring clients satisfaction.

Our Services

Fertility Counselling

Successful fertility treatment begins from the mind, we prepare our client's mind through counselling

Fertility Investigations

We screen couples' reproductive systems to understand where the issue lies and treat accordingly

Intrauterine Insemination (IUI)

IUI procedure places isolated sperm from partner or donor directly into the woman's uterus at the right time

In Vitro Fertilization (IVF)

We fertilize couple's sperm and egg under the most favourable condition that produces good embryos for transfer into the woman's womb

Gamete Freezing

Fertility preservation is available for eggs and sperms. We believe that "a stitch in time saves nine"

Gender Selection

Let us help you select the sex of your future baby through our high precision gender selection method.

Genetic Screening

The preimplantation genetic screening of embryos help to eliminate genetic disorder and improve pregnancy success rates

Surrogacy

We can help you borrow a suitable womb to carry your baby to term without any complications

Third Party (Donor) Program

For women/men in couples with gametes issues, we offer a world class donor services

Gamete & Embryo Transportation

We transport human gametes and embryos within and outside Nigeria under the best handling protocols.
